# 2005 Hurricane Season
# USACE-internal RAP Workshop
# 17-19 Jan 06

# Roofing Focus Group

# Presentation of Successes and Issues

# Roofing Focus Group

## Proponent: CEMVD

| Success | Recommendation and Recommended Lead | Obstacles |
|---|---|---|
| 1. Contracts in place<br>2. QA support from other agencies (LA)<br>3. QA personnel capacity (MS)<br>4. Two PRTs joining (MS)<br>5. Centralized ROE centers (MS & FL)<br>6. 888-BLUEROOF (MS)<br><br>**USACE Internal.**<br>**Short Term.** | **Recommend - Sustain.**<br>**Lead – USACE** | **None.** |

# Roofing Focus Group

## Proponent: CESAD

| Success | Recommendation and Recommended Lead | Obstacles |
|---|---|---|
| 7. Centralized distribution point (FL)<br>8. Home district taking responsibility (FL)<br>9. Plastic Sheeting Stock<br>10. POC Validation of missions for Plastic Procurement<br>11. Acquisition Plan approved prior to Hurricane Rita<br>12. GIS | Recommend - Sustain.<br>Lead – USACE HQ<br>Lead – MSC/Districts<br>FEMA<br>USACE HQ<br>USACE HQ/SAD/SAJ<br>USACE HQ/MSC/FEMA | None. |

# Roofing Focus Group

## Proponent: CESAD

| Success | Recommendation and Recommended Lead | Obstacles |
|---|---|---|
| **13. Multiple ACI/CCI contractors (FL)**<br><br>**USACE Internal.**<br><br>**Short Term.** | **Recommend - Sustain.**<br>**Lead – USACE** | **None.** |

# Roofing Focus Group

## Proponent: CESAD

| Issue | Recommendation and Recommended Lead | Obstacles |
|---|---|---|
| **1. Plastic sheeting**<br>Slick, poor quality, limited quanity<br><br>**Intergovernmental**<br><br>**Priority: Short Term** | **Procure quality non-slick plastic sheeting in sufficient quantity and maintain stockpile.**<br>**Lead: FEMA** | |

# Roofing Focus Group

## Proponent: CESAD

| Issue | Recommendation and Recommended Lead | Obstacles |
|---|---|---|
| 2. ACI Contract<br>ACI Contractor Late Engagement<br>050012 bidding schedule in place<br><br>USACE-internal<br><br>Priority: Short to Mid Term | Establish high capacity ACI contracts.<br>Select Local and Regional Contractors to facilitate immediate engagement<br>Include VA, MD and 2 ea. 8A contracts per state on existing contracts.<br><br>Lead – USACE HQ/SAD/SAM/SAJ | FAR restrictions and funding. |

# Roofing Focus Group

## Proponent: CESAD

| Issue | Recommendation and Recommended Lead | Obstacles |
|---|---|---|
| 3. Lack of Mission Specialists<br><br>4. Roofing PRT cannot do ROEs well<br>5. Splitting or Keeping Housing and Roofing PRTs<br><br>**USACE-internal**<br>**Priority: Short Term** | Expand PRT management cell contingent on the size of the event<br>Have separate Roofing and ROE PRTs.<br>Examine reasons and consequences carefully on splitting PRTs.<br><br>Lead: USACE | None. |

# Roofing Focus Group

## Proponent: CEMVD

| Issue | Recommendation and Recommended Lead | Obstacles |
|---|---|---|
| 6. Right of Entry SOP and Database<br><br>7. N.O. Blanket ROE<br><br>8. ROE for Immobile Victims<br><br>**Intergovernmental.**<br>**Priority: Mid Term.** | Develop a database containing the relevant documentation and SOPs required to carry out the whole mission.<br>Blanket ROEs Requires Close examination prior to 2006 Hurricane Season.<br>Facilitate remote access for ROE, e.g. have a WEBSITE and FAX capability for issuing and receiving ROEs. | Required coordination with Federal, State and USACE partners may not be expeditious for 2006 Hurricane Season Implementation<br>. |

# Roofing Focus Group
## Proponent: CESAD

| Issue | Recommendation and Recommended Lead | Obstacles |
|---|---|---|
| **9. Eligibility of structures**<br><br>**Intergovernmental**<br>**Priority: Long Term** | **Establish a national policy on eligibility of structures for blue roof application, e.g. for clay, flat, metal, etc. Document Best Practices and develop SOP including alternate roof types.**<br><br>**Lead – SAD/SAJ** | **Funding for tests, research, SOP Development.** |

# Roofing Focus Group

## Proponent: CEMVD

| Issue | Recommendation and Recommended Lead | Obstacles |
|---|---|---|
| **10. 130,000 Flooded Structures (MVD)**<br><br>**Intergovernmental**<br>**Priority: Immediate** | **Support/Assist FEMA in developing required policy and SOPs to determine methodology to qualify or disqualify a structure to receive temporary roofing.**<br><br>**Lead – FEMA/USACE** | **Funding for tests, research, SOP Development.** |
